Chairman's Corner

By Michael Finnegan, CHS-III

Let me begin by saying Thank you, Thank you, Thank you to all of you that contributed or attended the 44th Annual LEAN event at Eddie Deens Ranch. This year's event was one of the best that I can remember from recent years. We had an awesome turnout of over 800 people from our Corporate Sponsors and our area Law Enforcement members. It was an awesome time to get together with old friends and a great opportunity to make new ones. The Bar BQ, Beer and the music from the Genepool band were great!

I was really happy to see so many Law Enforcement Officers walk away with some of the many door prizes that were donated by our great corporate sponsors. I have received several emails and phone calls from area law enforcement officers thanking the North Texas Chapter for allowing them to be a part of our LEAN celebration.

This year marked the end of an era and beginning of a new one. Jim Dollar and Bob Smoot both have decided to retire from leading the LEAN event. They

have led the charge for over 25 years, and they have done a great job making the North Texas LEAN event the largest gathering of its kind in the country. I personally want to thank both Bob and Jim for all their outstanding work over the years. I know that the Chapter really appreciates all that you both have done. We will have some big boots to fill next year.

As we move on to June, we are going to have our next meeting at the House of Blues located in downtown Dallas please see the flyer for dates and times, and register early!! I really want to Thank Securitas Security Services and Allied Barton Security Services for helping the North Texas Chapter in sponsoring this event.

The golf committee will begin contacting all of you soon in regards to joining us in the annual Hackers golf tournament to be held on October 9, at the Indian Creek golf club in Carrollton. WE hope that all of you can join us this year as we make it out to the course for a great time. We will again donate the proceeds to the Assist the Officer Foundation to help those officers that have been wounded or injured in the line of duty. We promise that you will enjoy this year as we have added several items to the agenda. Even if you do not play golf we will have several activities for you to enjoy. So mark those calendars for October 9, 10:00 am Tee Time.

In closing, I want to remind everyone that we are always looking for individuals to help us with events, and committees within the Chapter. It is a lot of fun and a great way to meet new people and business contacts. If you would like to help us out please feel free to speak to any of the board members and we will put you to work!

I hope to see all of you at the House of Blues.

Treasurer's Report

By Laura Biland, CPP, CFE

For those of you who attended, and even those who didn't, I'm sure you would agree that we had an extremely successful LEAN! Once again, Bob Smoot and Jim Dollar out-did themselves in planning a wonderful event. We sold over 900 tickets this year. And due to the tremendous support of our sponsors, we gave away over \$10K in door-prizes! This event would not happen without the gracious donations of our sponsors, so I would like to recognize them once again with sincere gratitude.

Code of Conduct at Chapter Meetings

ASIS International has adopted a position on professional conduct at chapter meetings for members who supply goods or services.

As an organization of professional security practitioners, it is desirable that chapter meetings be held in an atmosphere free of uninvited commercial distractions. ASIS endorses a policy that prohibits members who provide and sell security or consulting services from initiating a sales effort immediately before, during, or after a chapter meeting while at the meeting location.

Adherence to this policy will result in maintaining an atmosphere in which members are able to discuss matters affecting their profession without being the object of a sales presentation. This policy does not prohibit an organized program wherein a service company may present the program from that day, nor does it prevent a member in the service industry from responding to an inquiry.

University of Texas San Antonio
is Hosting IP3's "Strategy to Reality: Don't Look Back"
A 2-Day IT Executive Security Forum
to Deepen Your Defenses
June 23 & 24, 2008**

Location: University of Texas San Antonio
Institute of Texan Cultures
Connally Room
801 Bowie St.
San Antonio, TX 78205-3296

The University of Texas at San Antonio and its Center for Infrastructure Assurance and Security (CIAS), a nationally recognized leader in the Cyber Security arena, is partnering with IP3 to present a comprehensive information assurance and IT security seminar.

On June 23 & 24, 2008, CIAS will host IP3's seminar series, **Strategy to Reality: Don't Look Back**. Ken Kousky CISSP, CISA, CEO of IP3, and former president of Wave Technologies (a NASDAQ publicly-traded company) will present the nation's leading IT security forum addressing issues on the cutting edge of compliance, information assurance, human capital and risk management.

During this two-day seminar for CEOs, executives, managers and IT professionals, you will learn how the technologies, threats and deployment environments have changed, even since 2007. This is a must attend event for all IT-IA security executives looking for a comprehensive overview of today's information assurance security issues and solutions. Earn 16 CEU's by attending (see below)!

If there is one seminar to surely attend, this is it!

Your local ASIS chapter's group of security professionals is cordially invited to attend this special information security / information assurance event at a reduced rate of \$200 per person (general public admission is \$595). You can upgrade to our full package for \$695 (\$895 value), and receive your choice of an 80 GB iPod Classic or an 8 GB iPod Touch with a one year subscription to IP3's Podcast Library (24 podcasts). IP3's educational programs are supported through sponsorships that allow us to offer a quality experience at a minimal investment to association members.

IP3 led the industry over the past few years with their work on the porous perimeter and the failure of password authentication models. In 2008, the Department of Homeland Security's Essential Body of Knowledge forms the critical roadmap for the Strategy to Reality curriculum.

This year, Ken will address the 14 EBK domains and cover the following topics during the seminar (with a special emphasis on new technology deployment):

Risk Management - Compliance - CyberLaw - VoIP - Wireless - IPv6 - Virtualization - PKI - SCADA - Convergence - PCI and more!

Throughout the two days, we'll discuss these critical topics, answer vital questions, share current solutions and provide in-depth coverage regarding real-time issues affecting IT-IA security and infrastructure solu-

tions. This is the forum where enterprise, government security, law enforcement, financial, management/response professionals and private industry (SMB's) connect to learn, network and find the solutions needed to protect and understand their data assets.

The only prerequisite of this seminar is the desire to enhance your career by mastering the foundations of effective IT Security.

Interested colleagues may register at our website: <http://www.ip3seminars.com/security/utregisterphp>, using the Registration Codes below or you can contact Judy Morrison at 800-473-5181 with any questions regarding registration.

Registration Packages:

Basic Package \$200: Includes registration (\$595 value), 300-page workbook, security tools CD and certificate of completion. Registration Code – **UTSA200**

Upgrade Package \$695 : Includes registration (\$895 value), all seminar materials, **PLUS choice of 80 GB iPod Video or 8 GB iPod Touch, 1-year subscription to IP3's Podcast Library (24 Podcasts on newsworthy and critical topics at 1 CEU per hour) for a total of 40 CEUs for the year. Registration Code - UTSA695**

Learn and Earn!

(ISC)2 recognizes the educational value of this seminar by awarding 16 CEU's for CISSP and SSCP certifications. In addition, seminar attendees may petition for CEU's for most other professional credentials. IP3's Podcast Library contains 24 podcasts that can be downloaded for 1 CEU per hour. Attending our seminars and downloading our podcasts are a great way to earn added hours for the year towards maintaining your certification credentials!

We are extending this sponsorship opportunity with the discounted price to you and your association members. We are asking for your support in the following manner:

1. Distribute this email or event invitation to your membership.
2. Include this event in your next newsletter or post it you website and event calendar.

To learn more about **Strategy to Reality: Don't Look Back** , read our seminar brochure at <http://www.ip3seminars.com/2008Brochure.pdf>. The last page of the brochure lists the association chapters that are previous or current sponsors.

For your reference, there is also a short biography about Ken Kousky on our website at <http://www.ip3inc.com/management.htm>.
