July Speaker

Paul "Dave" Gaubatz

Gaubatz Arabic & Counterterrorism Lecture Services

Paul "Dave" Gaubatz, former Federal Agent with the equivalent rank of major, is a U.S. State Department-trained Arabic linguist and counterterrorism specialist. He has acquired over two decades of experience while working on assignments in Middle-Eastern countries such as Saudi Arabia, Kuwait, Jordan, and Iraq. Mr. Gaubatz created Gaubatz Arabic & Counterterrorism Lecture Services in December, 2004.

In 2003, Mr. Gaubatz was the first U.S. civilian Federal Agent to be deployed to Nasiriyah, Iraq. During this time, he led a mission to rescue the family of Mohammed Odeh Al-Rehaief, the Iraqi lawyer who saved the life of Private Jessica Lynch. Upon returning from Iraq in July 2003, Mr. Gaubatz wrote a practical, basic Arabic street survival guide, and began lecturing in schools and businesses, and also to law enforcement officers. Mr. Gaubatz currently trains over 200 Law Enforcement officers weekly.

Mr. Gaubatz's career began in 1977 when he joined the United States Air Force. Before retiring from the USAF in 1999, he served his last 12 years as Special Agent with the United States Air Force Office of Special Investigations, (AFOSI). After spending one year with Target Corporation as National Investigator, in 2000 Mr. Gaubatz returned to AFOSI as U.S. Federal Agent. In 2002 he attended an intensive Arabic-language course at the U.S. State Department, Foreign Service Institute

Chairman's Corner

Let me express the thanks of the Officer's of the North Texas Chapter of ASIS to Bob Smoot and Jim Dollar for their hard work to make LEAN Night so successful (600 attendees) this year. Also, our thanks to Bill Casey and John Hewitt for their help making the Golf Tournament the most successful ever, raising \$8,000 for the Assist the Officer Foundation. Without these dedicated professionals events like this would not be possible.

In other notes: Bill Besse, Director of Security for Belo Corporation has joined the ASIS Quarter Century Club. Also, the North Texas Chapter will celebrate its 50 Year Anniversary in 2007! Please contact Heather Portman if you are interested in joining the Chapter 50 Year Celebration Committee. Any new member who is looking for their ASIS membership certificate, please see Cynthia Stewart, membership. If you have visited our website recently, you will have noticed that we now feature PayPal as a way to pay for meetings and events. More on this at our next meeting. Finally, be watching for information on the SecureWorld Expo coming this fall just like the one we sponsored in Arlington last year. This will be a good way to pick-up CPP points.

Allan J. Cross CPP Review Scholarship Award

The ASIS Foundation recently announced that Robert DeAnda and Heather Portman were selected to receive a 2006 Allan J. Cross Certified Protection Professional (CPP) Review Scholarship Award. A "CPP" is considered by many corporate and government security directors as representing the industry's gold standard in security professionalism. Each year, the ASIS Foundation awards a total of 25 scholarships to a large field of applicants nominated by their respective chapters for this award. Each chapter is allowed to nominate only one person.

The ASIS Foundation covers the \$695 seminar fee for the critically acclaimed CPP Review Course being offered on September 22nd and 23rd at the San Diego Convention Center, in conjunction with the 52nd ASIS International Annual Seminar. This course provides an intensive two-day preparatory review of all the testing domains associated with the CPP exam. Many CPP designees acknowledge the review course for providing them with a critical advantage in successfully preparing for their own examinations. Both of our previous scholarship recipients -- David Justice and John Hewitt -- went on to earn their CPP designations shortly after attending this course.

Robert DeAnda is a Supervisor for SilverStar Protective Services in Dallas. He has directed security officers assigned to TXU power generation plants since 2003. He holds a masters degree in Education Administration and has over a dozen years of experience in the commercial security operations field. Heather works for Shred First and is our current North Texas Chapter Treasurer responsible for our book keeping and meeting room arrangements.

Region 6 Web Site

The Region 6 web site is up and running at www.asisregion6.com. The region has the ability to send out regional e-mails to all ASIS members assigned to Region 6 and a mail box to respond to their responses. Several companies have already signed on as sponsors of the web site. Contact John Hewitt at JHewitt@trammellcrow.com if you are interested in a sponsorship.

Texas State University IP3 IT Seminar

ASIS local chapter members can attend the 2-day seminar July 10-11 for the discounted price of \$100 (\$895 value). This scholarship offer covers cost of registration, 300-page workbook and security tools and CD. Interested colleagues should register at our website at <http://www.ip3seminars.com/s2r.htm>, using the **Registration Code ASIS60**. A copy of the course outline can be printed out from IP3's website along with location/address of the seminar. Once registration is submitted, each person receives a receipt or invoice via email for \$100.

Thank-you to all that participated in the ASIS 2006 Golf Tournament!

The event was a rousing success, thanks to member participation, vendor response, and the great corporate sponsors. Forty-three teams played the course at the Hyatt Bear-Creek Golf Club, located just west of D/FW International Airport; in near perfect June weather.

The winners of the tournament play:

1st place:

Cingular Wireless

Wes Wallace, Geoff Oletti, Victor Glover, Mike Korburly

2nd Place:

Trammell Crow Company

Joe Fleming, Bill Spagth, Mark Spagth, Scott Craig

3rd Place:

Trammell Crow Company

Bill Casey, David Graves, Paul Stanford, Jason Duvall

4th Place:

Siemens

Craig Banaszewski, Curtis Willenborg, Charlie James

The following were major sponsors at this year's event:

● **Securitas Security Services**

●**Ingersoll Rand Security Technologies**

●**Dallas Security Systems**

●**DSX Access Systems**

●**SYSTEMSgroup**

●**Omnisafe Systems**

Our charity for this event was **Assist the Officer Foundation**. The **ATO** provides financial assistance to officers who are facing the loss of income due to a serious injury, life-threatening illness or other catastrophic event. Immediate assistance is also available to an officer's family in the event of the death of an active officer.

ATO President Tom Popken and Founder David Rodriguez attended the 2006 ASIS Golf Tournament, where they accepted a check for the Foundation in the amount of \$8,000.00.

This was first time ATO was a beneficiary of the tournament. Both Popken and Rodriguez were more than pleasantly surprised by the amount of the donation. Because we believe this to be a great cause we have named this charity once again to be the beneficiary for the **2007 golf tournament**.

We would also like to thank the following for hole sponsorships and teams:

Wrap up, 42nd LEAN

The verdict is in and you did it again. With all the worry about finding and going to a new location, it was all for not. From all the comments and response, the new location was a real hit.

We sold less tickets this year but the attendance was up over 150 folks. We had over 650 through the door and fed 600. And thank the Lord we didn't lose any money on the food guarantee as we have in the past couple of years.

The door prizes were a big hit this year. And, one of the coolest things happened. The two uniformed DPD officers in attendance were the local beat officers for the area around Eddie Deens. One of them won a gun. He commented that he didn't know how he would explain to his wife how he won a gun, while on duty.

I had the chance to speak to Chief Kunkle and he had nothing but praise for the North Texas Chapter. He had never been to an event of this size.

As usual Jim Dollar did his usual outstanding job getting Corporate Sponsors. Thanks to Wallace for providing the Tickets for about the 10th year. Tom Crinic did a great job with the guns. Thanks so much for the support of the Chapter Officers. I'm sure Heather's boss is glad to have her back. And, a special thanks to all who showed up early to help with the grunt duties. It takes a good team of horses to pull a heavy wagon.

Attached will be a list of the Corporate Sponsors. Without them, we would not be able to pull this off.

Thank you, CORPORATE SPONSORS. You did it again.

As I have said many times in the past, It is a privilege and honor to be counted in your number.

The North Texas Chapter still has the largest LEAN in the Society.

Thanks,

Bob Smoot

LEAN Committee Chairman
